

Appl. No. : 09/693,548
Filed : October 19, 2000

REMARKS

The above amendment to the claims adds New Claims 82-89. Applicants believe these claims are patentable over the cited references. Claims 1-81 have not been changed, except that a minor typographical error in Claim 6 has been corrected. Applicants' counsel noted that the status of some of the claims had not been properly labeled in the Response to Office Action filed by Applicants on July 19, 2003. Proper status labels for all pending claims are included in this Supplemental Amendment.

Respectfully submitted,
